

Jingle Bells

(to the tune of you know what...)

***Jingle bells, jingle bells, jingle all the way
Sweatshop workers all deserve
their Christmas bonus pay - HEY!***

***Jingle bells, jingle bells, jingle all the way
Greedy owners keep it all, won't give a cent away.***

***I work in a sweatshop - the work it never stops
No air, no sun, no dignity - somebody call the cops!***

***I'm a health inspector crook - this place ain't by the book
But there's never been a bribe that I haven't took!***

***Jingle bells, jingle bells, jingle all the way
Sweatshop workers all deserve their
Christmas bonus pay - HEY!***

***Jingle bells, jingle bells, jingle all the way
Greedy owners keep it all, won't give a cent away***

***I'm a big old CEO - and I make lots of dough
But when they want their Christmas pay, I say they have to go!***

***Our lives are compromised - we'll have to organize
We'll fight and fight until our workers' rights are realized!***

***Jingle bells, jingle bells, jingle all the way
Shoppers all have a role that they ought to play - HEY!
Jingle bells, jingle bells, jingle all the way
Think about the ones who make the clothes before you go pay!***
