

RALLY TO DEFEND DELEGATE PETER VINING

Aussie Post CEPU delegate sacked and victimized for doing his job!

**Hands off union delegates and shop stewards,
Rally to defend basic union rights!**

**9.30am Fri 3 February
Federal Court of Australian
305 William Street, Melbourne**

The CEPU are going to the Federal Court to get justice for their delegate. Join them and send a message to the government and bosses that our union delegates will not be pushed around. **Bring your union banners!**

Background.

Peter Vining was sacked before Christmas for allegedly upsetting a customer. A Board of Reference was convened and decided that the **dismissal was harsh**. However Peter was transferred to a lower level in Australia Post, a Mail Officer at the Melbourne Parcel Facility (MPF).

So a delegate gets sacked and then transferred on verbal evidence that the union has always contested. He was accused of "telling off" a customer. Peter did not even talk to the woman. He even had witnesses to back him up. We are alleging that the management have colluded to "get rid of" a strong and effective shop steward.

The sacking of militants in Australia Post and the open harassment and legal threats against the CEPU is in violation of international human rights. It's important that all unions oppose and are seen to be opposing this fundamental attack on workers democratic rights.
