

STOP THE SACKING OF ROBERT AUSTIN

Left-wing RMIT lecturer Dr Robert Austin will be sacked on 24 April. His crime was re-scheduling classes so students could attend an Anti-VSU rally. Andrew Bolt attacked him in the Herald Sun. Management wanted him to 'fit' the mould of making courses 'acceptable to business students'. Robert is a well-published academic and education union activist since 1976. Support this struggle for academic freedom & student rights!
